BOD-067-20 **RESOLVED THAT the minutes of the Board of Directors' Meeting No. BOD-05-20 held on Friday, April 24, 2020 be approved as circulated.** CARRIED

IV. ANNOUNCEMENTS

a) CAO Walters advised that LSRCA's Education Team received a letter of thanks and appreciation from Simcoe County District School Board for their ability to overcome this year's challenges and continue to provide online learning. CAO Walters thanked the Education Team for their innovation during these challenging times and also thanked the Communications Team for their assistance with all the farreaching online learning that LSRCA has been able to produce.

V. PRESENTATIONS

a) Reopening Plan for LSRCA's Conservation Areas

General Manager, Conservation Lands, Brian Kemp provided an overview of LSRCA's planned approach to reopening its conservation areas. Providing background, he noted that after a tough decision, all LSRCA Conservation Areas were closed on March 24th in an effort for LSRCA to do its part with social distancing and comply with provincial direction. On May 1st working with municipal partners East Gwillimbury, Newmarket and Uxbridge, a few LSRCA trails with direct connectivity to municipal trails were opened. Municipal staff assisted with the opening and monitoring of these trails. On May 11th with the Province opening conservation reserves for day use, LSRCA began working on a plan to reopen its conservation areas to provide limited day use. On May 19th, the Province further eased restrictions to include the opening of dog parks, etc. LSRCA is proceeding with its plan to reopen all conservation areas by May 29th excluding all amenities except the Bark Park at Scanlon Creek Conservation Area.

GM Kemp explained that steps to reopening included finalizing safety measures to keep staff safe, assessing all properties for hazards such as felled branches and trees, potholes, etc. He was pleased to note that properties for the most part are in good condition. New signage regarding restrictions and visitor etiquette is being installed, and enhanced maintenance will continue once properties are open. Staff will continue to keep municipal partners including park staff and bylaw enforcement updated on any property issues.

GM Kemp went on to note that timing for the reopening of conservation area facilities and amenities is unknown at this time but will coincide with provincial and medical health direction. Staff will continue to monitor properties and are prepared to close them again if restrictions and visitor etiquette is not adhered to.

Mayor Hackson thanked GM Kemp on behalf of the residents of East Gwillimbury, who are thankful for the opened trails, noting that East Gwillimbury staff enjoyed working with LSRCA staff and will continue to be available for ongoing assistance as needed.

Councillor Gaertner asked about garbage in the conservation areas. GM Kemp noted they are trying to balance the need of garbage facilities versus safety of staff having to handle the garbage, and conservation area messaging includes asking the public to take home anything they bring, garbage included.

Lake Simcoe Region Conservation Authority Board of Directors' Meeting BOD-06-20 May 22, 2020 – Minutes Page 3 of 5

Chair Emmerson asked if staff have a sufficient supply of personal protective equipment, and GM Kemp noted that most items are available but finding sufficient face masks has been challenging. Chair Emmerson noted that York Region's Medical Officer of Health, Dr. Kurji, advised that a homemade, double layered cloth mask is a good substitute, and Mayor Barton advised that he has a source for masks should one be required.

Chair Emmerson thanked Board members for their assistance and patience and sent a thank you out to all LSRCA and municipal staff working on getting trails and conservation areas reopened.

confidential land matter be received; and

FURTHER THAT recommendations contained within Confidential Staff Report

No. 31-20-BOD be approved. CARRIED

XII. OTHER BUSINESS

a) Mayor Quirk asked for an update on the Pefferlaw Dam. CAO Walters noted that a start-up meeting was held between LSRCA and Town of Georgina staff, and DM Wills and Associates, the contractor hired to perform a structural assessment. All assessments are to be completed in May, with a report expected late June. Scenarios and options will then be discussed and consultation with the members of the public will be conducted. Recommendations and associated costs will be brought back to the Board in the coming months. He also reiterated that stop logs and flash boards will not be put in. CAO Walters also noted that dam ownership is unclear at this time, and LSRCA is awaiting responses from MECP and MNRF on clarification on who owns the dam.

XIII. ADJOURNMENT

Moved by: K. Ferdinands Seconded by: D. Bath-Hadden

BOD-077-20 RESOLVED THAT the meeting be adjourned @ 11:10 a.m. CARRIED
